

April 2009 - Mobilizing Tactical Operations

PDF Version

# SWAT

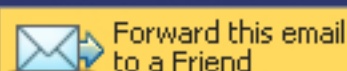

Dear Frank Freeman ,

We are Mission Critical Software, Inc. We develop software for the Public Safety industry. Our company has developed software specifically for SWAT agencies.

**Introducing: Mission Critical SWAT©!!**

Software for tactical units that provides tools for incident management, presentations, reporting, file attachments, incident images and much more. Utilize all this with mobile access from your SWAT vehicle, car, office or laptop. The best SWAT software on the market: **Mission Critical SWAT©!**

**Please view software demo & product features below.**
